via app

Colourful: With 16 million colours to choose from, you can adjust the Spectrum downlight to suit every activity and mood. Play music on your phone and sync the colour changes to your favourite tune.

Convenient: Control multiple downlights in a room or in separate rooms within the range*.

Smart: Turn the light on and off at any time by programming each downlight or group of up to five lights. Pre-program downlight to turn on/off even if you are away (on holiday).

Simple: Download the free Spectrum Pro app, pair and start playing.
